PROJECTS

Personal Portfolio   johanamartinez.com
A front-end web application built to visually showcase my projects.
- Built a multi-page website that is responsive across multiple browsers by using **HTML, CSS**, **JavaScript** and **React.js**.

Boba Tracker
A full stack web application group project, built to track individual users weekly milk tea purchases.
- Designed and redesigned the mockup using Figma and assisted in implementing the changes to the UI.
- Utilized **HTML**, **Tailwind CSS**, **JavaScript** and **React.js** to build an entry form where users can save drinks into an existing database.
- Led a five-person team using Scrum practices to develop a minimum viable product.

Dark Mode
A google chrome extension that toggles between light mode and dark mode.
- Developed an extension using **JavaScript**, **HTML**, and **CSS** that switches the screen background and text to dark mode with an ON/OFF slide button.

WORK EXPERIENCE

EyeC Optometry   **Gilroy, CA / San Jose, CA**
Optician / Insurance Biller   *June 2021 – Present*
- Trained new employees on various roles and tasks at a newly opened optometry practice.
- Organized and billed pending insurance claims to ensure payment from insurance companies.

Optometric Assistant /Receptionist   *Oct 2014 – August 2018*
- Assisted two optometry doctors and effectively communicated with staff to maintain patient flow in a fast-paced environment.
